# KNIFE GATE VALVES

ORBINOX is present in more than 70 countries with over 50 years of experience designing, manufacturing and marketing knife gate valves, penstocks, dampers, and valves for hydraulic works

We are today the leading European knife gate valve manufacturer

Product quality and customer satisfaction are our goals. We offer a wide range of valves, penstocks and dampers which cover a large variety of applications in various business segments such as Water & Waste Water Treatment, Mining, Power Generation, Pulp & Paper, Food & Beverage, Bulk Handling, Steel Industry, Air Separation and Dams, Reservoirs and Hydro Solutions

We have a highly qualified and experienced team providing the best solutions to suit the needs of our customers. Our production plants are equipped with the most up to date machinery which, combined with our modular product design and production-to-order system, allows us to be highly flexible with specifications and delivery times

We are currently present in over 70 countries across the five continents, enabling us to be close to our customers in order to offer technical advice and respond to their requirements. We think globally, whilst applying local expertise
